Interview Assessment Report

Candidate: Smoke Candidate

Role: Python Developer

Status: in_progress

Answer Scores

q-1 | technical: 43.2/100 (confidence 35%)

Explainability

q-1: Score reflects a brief answer (8 words) evaluated by keyword overlap with the expected rubric. No LLM key is configured, so this is a heuristic estimate rather than a semantic evaluation - configure GROQ_API_KEY for real explanations.
